

**George Kinne, President & CEO Jeff Bank**

**Why did you join the Community Foundation of Orange and Sullivan’s (CFOS) Board of Directors?**

I joined the Community Foundation of Orange and Sullivan’s Board of Directors because I believe in the mission of the organization. Too often families and organizations struggle to gain the expertise needed to manage their charitable endeavor. Our organization provides the support and expertise needed.

**What do you enjoy doing when you aren’t working or volunteering?**

I enjoy the outdoors – playing casual golf, running and fishing/hunting.

**What is one quote that you try to live by?**

“It’s amazing how much can be accomplished if no one cares about who gets credit”. Blanton Collier

**What are your favorite worthy charitable causes?**

I’ve participated with the Jeff Bank team each year in the Boys and Girls Club events. I’m a strong believer in the afterschool and summer programs the non-profit provides.

**What is one thing that people don’t know about you?**

One thing people don’t know about me – I’ve tried to learn both the piano and guitar as an adult in recent years. I’m not good at either, but have enjoyed taking lessons on occasion.

**What are two things that make you the happiest?**

Two things that make me the happiest – spending time with my family on any vacation and hearing my wife and children laugh.
