

Honoring the Class of 2021 CFOS Scholarship Recipients

It was a challenging year for high school seniors who had to be resilient in the face of the many impacts of COVID-19. However, their futures are extra bright thanks to the generosity of the donors who established scholarship funds within the Community Foundation. Thanks to our completely online scholarship portal, students were able to apply for the scholarships from the comfort and safety of their homes. In total, \$462,525 in scholarships will support 202 students graduating from school districts throughout the region. In addition, 68 students are receiving \$185,000 in recurring scholarships this coming school year. This year, we produced a tribute video and this program to celebrate the impact of our donors' generosity and serve as a record of our local graduates' accomplishments.
